## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 3-5,7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Claim Objections***

Claim 8 is objected to because of the following informalities: --tires—is misspelled. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 103***

Claims 1,2,6,8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Holl. See the previous office action for this rejection.

### ***Response to Arguments***

Applicant's arguments filed 10/28/05 concerning the above rejected claims have been fully considered but they are not persuasive. The arguments are not commensurate in scope with the claimed subject matter. For example, the gap in these claims is not said to be between the rotor and the vibrator such that a gap between any parts of the apparatus can read on this limitation.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
